OBJECTIVE

Motivated Computer Science student, eager to start my career in the IT industry and apply my strong technical skills to contribute to impactful projects while continuously enhancing my technical knowledge and professional growth.

SKILLS

Technical Competencies:

Languages – Java, JavaScript

Full Stack Technologies - React.js, NEXT.js, Express.js, HTML5, CSS3 & REST APIs

Core Concepts - Object-Oriented-Programming (OOPs), Data Structures, Database Management System (DBMS)

Database – SQL (MySQL)

Behavioral Skills:

Collaboration & Teamwork, Time Management & Adaptability & Effective Communication

EDUCATION

Bachelor of Technology in Computer Science and Engineering | (July 2021 – June 2025)

Hooghly Engineering and Technology College

CGPA: 7.83/10 (Upto 7th Sem)

Higher Secondary Education (Class XII) | (May 2019 – March 2020)

Naihati Narendra Vidyaniketan

Percentage: 75.2%

Secondary Education (Class X) | (June 2017 – March 2018)

Amdanga High School (H.S)

Percentage: 73.5%

PROJECTS

- ❖ **AI Content Generator WebApp (2024):**
 - ❖ Developed an AI-driven Content Generator web application using **JavaScript**, **Next.js** and **Gemini API**.
 - ❖ Used the Gemini API for content creation capabilities, leveraging AI to generate contextually relevant text.
 - ❖ Focused on clean UI and responsive output.
- ❖ **Budget and Expense Tracker (2025):** [\[Live Demo Link\]](#)
 - ❖ Developed responsive web app for tracking budgets and expenses using **Next.js** and **Tailwind CSS**.
 - ❖ Designed a modern UI for easy data entry and visualization of expenses.
 - ❖ Integrated interactive **charts** and **graphs** to provide real-time financial analytics for users.

CERTIFICATIONS

- ❖ **Introduction to Database Management Systems | Udemy (2024)**
 - ❖ Acquired knowledge in Database Management System using MySQL.
 - ❖ Learnt different SQL concepts like Joining.
- ❖ **JavaScript for Beginners (2024) | Udemy (2024)**
 - ❖ Developed proficiency in JavaScript programming for developing Web Applications.

HOBBIES & INTERESTS

- ❖ Travelling & Vlogging
- ❖ Web Development & UI/UX Design
- ❖ Discovering New Technologies
